Evidence (SOL Principle)

If 1
XXXXXX

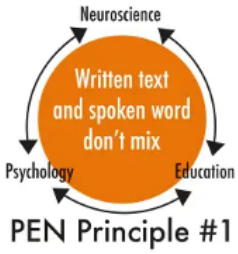
How will this impact (enhance, improve, foster, encourage, enrich)
XXXXXXX?

Pre-test XXXXXX

Post test XXXXXX

Evaluation of the change (by teachers and students)

## Micro-project examples



PEN Principle #1

- If I stop talking to my students when they are viewing a word rich PowerPoint slide
- How will this impact their uptake of the information in the slide? (as measured by a simple student ranking of 1-5)
- Pre-test: Talking and reading slides aloud when students are viewing the slide (ie, what you usually do)
- Post-test: Remaining silent until every student has had a chance to read the slide (ie, the change you are making)
- Evaluation:1-5 ranking
